

About us

INEOS Melamines

INEOS Melamines is a proven leader in the field of Melamine resins. Our roots go back to Melamine resin production facilities founded at the Cassella site in Frankfurt, Germany in 1935 and at the Monsanto site in Springfield, USA in 1946.

With our **Maprenal®** and **Resimene®** Melamine resins we are an innovative partner for the coatings industry whenever cross linking solutions are needed. Our resins are used in challenging coatings applications including the automotive industry, coil and can coating and other specialized areas where high performance is desired.

INEOS Melamines produces a comprehensive range of Melamine resins and additives. We have a proven track record of delivering product quality, innovative solutions and value to our customers. Beside the coatings industry we also serve a number of other global markets including paper, textile, tire and wood.

For more information, please visit our business on our website www.ineosmelamines.com.
